## **Connecticut Building Congress Presents Recovery, Rebirth, and Revival: Sandy Hook School Tour and Housatonic Valley Outlook**

HARTFORD, Conn –

The Connecticut Building Congress will host the program “Recovery, Rebirth, and Revival: Sandy Hook School Tour and Housatonic Valley Outlook” on Tuesday March 26, 2019 at the Sandy Hook School, School Cafeteria, 12 Dickenson Dr., Sandy Hook, Connecticut. The event will start at 5:30 pm with networking and registration.

Take a tour of Sandy Hook School, the 2017 CBC Project Team of the Year winner. You'll hear from the project team about the challenges and special considerations for this project that required a very unique approach to community involvement and a deep commitment on the part of each team member.

Hear about the State's role in funding the Sandy Hook School project and in future plans for the CT School Grant program. If that isn't enough to make the trip to the southwest area of the state, local and regional officials will join the event to discuss future development in this growing and vibrant area of the state.

Our distinguished speakers include:

- Konstantinos (Kosta) Diamantis, Director, CT Office of School Construction
- Daniel C. Rosenthal, First Selectman, Town of Newtown
- Francis R. Pickering, Executive Director, Western Connecticut Council of Governments
- Design Team Leaders, Sandy Hook School Project Team

Agenda:

5:30 - 6:00 PM: Networking, Registration, and Appetizers

6:00 PM - 7:00 PM: Sandy Hook School Program and Tours led by Project Team Members

7:00 - 8:15 PM: Program Speakers, Stationed Buffet Dinner

8:15 - 8:30 PM: Closing Remarks and Door Prize Drawing

REGISTRATION: [www.cbc-ct.org](http://www.cbc-ct.org) by March 21, 2019

College and high school students with an interest in the design and construction industry are welcomed to attend!

The **Connecticut Building Congress** creates a forum for building professionals to connect, learn, and grow. Since 1952 CBC has been the premier organization for Connecticut's building professionals to develop strong industry connections.
